### ProcessPro's Growth Continues

---

St. Cloud, Minn., July 26, 2011 -- ProcessPro, developers of ProcessPro<sup>®</sup> *Premier* ERP software, takes on two new team members to support company growth. The new members include a Regional Sales Manager and Implementation Analyst.

Don Johnson is the new Regional Sales Manager. Don has over 25 years of sales and marketing experience, including a senior executive role in building a very successful food manufacturing business. His deep understanding of the challenges facing a process manufacturer from an executive perspective will bring significant value to ProcessPro's prospective customers as they evaluate the benefits of a fully integrated process manufacturing ERP.

"Don's qualifications and character support the long term goals at ProcessPro for aggressive business growth," says Joe Blauert, President, ProcessPro. "We're excited about what's in store for the future."

David Gerhardson is the new Implementation Analyst. David comes to the ProcessPro team with strong communication, project management, and problem-solving skills as well as extensive knowledge of manufacturing systems and supply chain management.

"Having a strong implementation team is cornerstone to our clients' business success," says Molly Caron, VP of Operations, ProcessPro. "David has all the strengths necessary to ensure successful implementations and provide team support."

ProcessPro<sup>®</sup> *Premier* ERP is a fully integrated, real time ERP for the process manufacturing industry that offers a complete system from beginning sales order entry through the manufacturing and accounting process.

For more information about ProcessPro<sup>®</sup> *Premier* and how it can meet your specific process manufacturing requirements, visit [www.ProcessProERP.com](http://www.ProcessProERP.com).

###

ProcessPro<sup>®</sup> *Premier* is the leading mid-market ERP software solution for the process manufacturing industry. Designed specifically for manufacturers that combine batches of mixtures, ProcessPro<sup>®</sup> *Premier* seamlessly integrates all aspects of plant operation, from beginning order entry through manufacturing, packaging, shipping and accounting. ProcessPro<sup>®</sup> *Premier* is sold and supported directly by ProcessPro.
