### ProcessPro Welcomes New Member to the Business Development Team

St. Cloud, Minn., January 26, 2011 -- ProcessPro, developers of ProcessPro<sup>®</sup> *Premier* ERP software, hired new staff member, Jake Halverson, to join the business development team. Jake has a degree in Sales and Management.

“Jake’s history of meeting or exceeding customer expectations and his ‘customer first attitude’ was a big factor in bringing him on board. His sales and marketing background will be a big plus for the business development department. Adding Jake to the team will position us well as we continue grow throughout 2011 and beyond,” says Tim Sands, ProcessPro Business Development Lead.

“I am excited to join ProcessPro. Their vision of becoming a national leader in the market and the unique friendly environment were attractive to me. I look forward to bringing my talents and enthusiasm to the sales team,” says Jake Halverson, ProcessPro Business Development Representative.

ProcessPro<sup>®</sup> *Premier* ERP is a fully integrated, real time ERP that offers a complete system from beginning sales order entry through the manufacturing and accounting process.

For more information about ProcessPro<sup>®</sup> *Premier* and how it can meet your specific process manufacturing requirements, visit [www.ProcessProERP.com](http://www.ProcessProERP.com).

###

ProcessPro<sup>®</sup> *Premier* is the leading mid-market ERP software solution for the process manufacturing industry. Designed specifically for manufacturers that combine batches of mixtures, ProcessPro<sup>®</sup> *Premier* seamlessly integrates all aspects of plant operation, from beginning order entry through manufacturing, packaging, shipping and accounting. ProcessPro<sup>®</sup> *Premier* is available with full source code and is sold and supported directly by ProcessPro. Visit ProcessPro’s web site at [www.ProcessProERP.com](http://www.ProcessProERP.com) or call 800/457-3548 for more information.
