Nick Quercetti Joins the ProcessPro Team

St. Cloud, Minn., June 10, 2010 -- Nick Quercetti of Kennett Square, Pennsylvania, joined the ProcessPro sales team. ProcessPro, developers of ProcessPro[®] *Premier* ERP, is headquartered in St. Cloud, Minnesota. Nick's location and position as Regional Sales Manager will give him the opportunity to oversee the eastern territory clients.

"We are excited to bring Nick on board the sales team at ProcessPro," says President Joe Blauert of ProcessPro. "With Nick's extensive sales experience and industry expertise, we have confidence he will be a tremendous asset to our company, as well as a valuable resource to our current and future clients."

Nick joins the ProcessPro team with more than 25 years of business development experience, including owning and operating his own marketing business. He has also been a part of business growth and development teams of several other companies in various industries.

"The opportunity to join ProcessPro allows me to work with a dynamic organization that offers a full breath of ERP software and functionality unequaled in the industry. The team at ProcessPro avails me to the resources my prospects and clients should come to expect and deserve," says Nick Quercetti.

ProcessPro[®] *Premier* ERP is a fully integrated, real time ERP that offers a complete system from beginning sales order entry through the manufacturing and accounting process.

For more information about ProcessPro[®] *Premier* and how it can meet your specific process manufacturing needs and labeling requirements, visit www.ProcessProERP.com.

###

ProcessPro[®] *Premier* is the leading mid-market ERP software solution for the process manufacturing industry. Designed specifically for manufacturers that combine batches of mixtures, ProcessPro[®] *Premier* seamlessly integrates all aspects of plant operation, from beginning order entry through manufacturing, packaging, shipping and accounting. ProcessPro[®] *Premier* is available with full source code and is sold and supported directly by ProcessPro. Visit ProcessPro's web site at www.ProcessProERP.com or call 800/457-3548 for more information.
