### ProcessPro Adds Staff to the Quality Assurance Team

St. Cloud, Minn., January 6, 2011 -- Anna Thom joins ProcessPro, developers of ProcessPro<sup>®</sup> *Premier* ERP. ProcessPro is a leader in providing seamlessly integrated software systems for process manufacturers.

Thom earned an Associate of Applied Science degree in computer programming from St. Cloud Technical College. She is skilled in technologies such as SQL, HTML, Java Script, and Microsoft Windows, Excel, and Publisher.

“We pride ourselves in releasing a top quality product. With the research and development approach that we utilize for every release, having a solid quality assurance team is important,” says Kim Fischbach, ProcessPro Lead Quality Control Analyst. “We’re really glad to have Anna join our team.”

Thom has held other analyst positions at the St. Cloud Hospital and Healthland that will add valuable experience to her position at ProcessPro.

ProcessPro<sup>®</sup> *Premier* ERP is a fully integrated, real time ERP that offers a complete system from beginning sales order entry through the manufacturing and accounting process.

For more information about ProcessPro<sup>®</sup> *Premier* and how it can meet your specific process manufacturing requirements, visit [www.ProcessProERP.com](http://www.ProcessProERP.com).

###

ProcessPro<sup>®</sup> *Premier* is the leading mid-market ERP software solution for the process manufacturing industry. Designed specifically for manufacturers that combine batches of mixtures, ProcessPro<sup>®</sup> *Premier* seamlessly integrates all aspects of plant operation, from beginning order entry through manufacturing, packaging, shipping and accounting. ProcessPro<sup>®</sup> *Premier* is available with full source code and is sold and supported directly by ProcessPro. Visit ProcessPro’s web site at [www.ProcessProERP.com](http://www.ProcessProERP.com) or call 800/457-3548 for more information.
